Do You Remember Who Gave You Your First Break?

Someone saw something in you once. That's partly why you are where you are today. It could have been a thoughtful parent, a perceptive teacher, a demanding drill sergeant, an appreciative employer, or just a friend who dug down in his pocket and came up with a few bucks. Whoever it was, had the kindness and the foresight to bet on your future. Those are two beautiful qualities that separate the human being from the orangutan. In the next 24 hours, take 10 minutes to write a grateful note to the person who helped you. You'll keep a wonderful friendship alive. Matter of fact, take another 10 minutes to give somebody else a break. Who knows? Someday you might get a nice letter. It could be one of the most gratifying messages you ever read.
